

SUN'S BLISTERING RAYS ARE TAKING HEAVY DEATH TOLL

Atlantic Coast Cities
Still Swelter in Great
Heat Wave.

LIST OF VICTIMS GROWS RAPIDLY

People Driven From Their Homes
in Search of Breath of Air, and
Many Factories Are Com-
pelled to Close—Mer-
cury Hangs Around
100 Mark.

[Special to The Times-Dispatch.]
New York, July 2.—After a night
spent on roofs, porches, park benches
and beaches, the population of the
larger cities along the Atlantic coast
dragged themselves through the hot-
test day of the year to welcome, in
some places, cooling showers and
breezes as night approached. In New
York there were four deaths and a
score or more prostrations; in Phila-
delphia two deaths and at least 100
prostrations, while other cities sent
in reports of a toll of death from the
blistering rays of the sun.

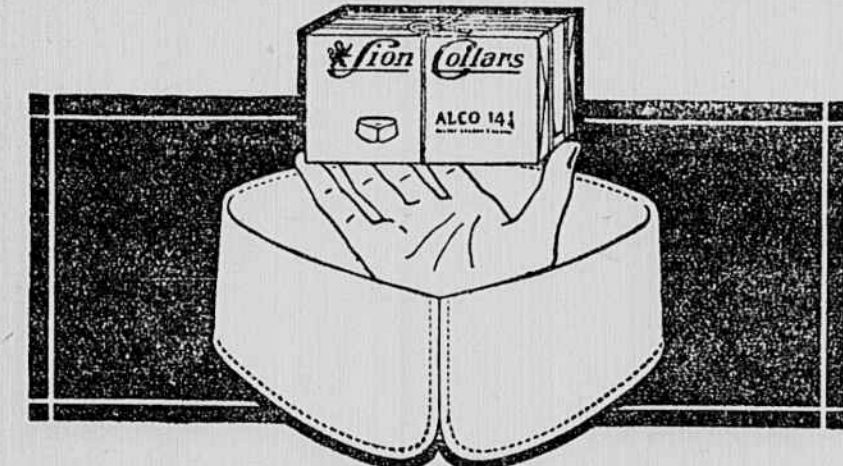

In New York City the morning was
the hottest on record, with one ex-
ception, since the establishment of the
Weather Bureau. Starting at 77 at 6
this morning, the thermometer touch-
ed 81 at 7 o'clock. The heat was
rapid, 89 being reached at 10 A. M.
With not a cloud in the sky, the heat
increased until the maximum for the
day—93—was reached at 3 o'clock.

Heat is intense.
The heat from the massive struc-
tures all over the city, together with
that stored in the asphalt and the
crescote and block pavements, the dust
and cinders, which seemingly stood still
in the lifeless air, enveloped the city in
a haze of heat, which wilted collars
and put a decided damper on energy.

In the crowded East Side tenement
section, the suffering was especially
acute, everybody escaping from their
close rooms in a frantic effort to find
a breath of air in the parks or at the
seashore. Park Commissioner Stover
gave orders that nobody walking or
lying upon the grass in the parks
should be arrested, and Street Com-
missioner Edwards ordered the hydrants
looked at many corners in the crowded
sections, flushing the streets with a
cooling bath. Sweepers, drivers and
horses were called in at noon to rest
two or more hours, owing to the
stifling atmosphere, and they did not
return to their duties until late in the
afternoon, when a cooling breeze from
the southwest swept in over the parched
city.

Street temperatures in some places
registered 98 and even 100.

It was the warmest day in Philadel-
phia since July 3, 1911. Business in
all parts of the city was halted for
several hours during the heat of the

"ALCO is preferred by more good dressers
than any other collar worn," says a
fashion authority. The perfect close front
with the patented "Lock-that-Locks."
Buttons in a second with the strong
"Slip-Over" button-hole. "CLIMAX"
is the same shape but still lower.

Buy clean collars in the sanitary "LION Seald" package
of 6 for 75c.—or as usual, 2 for 25c.

day, and nearly every mill in the Ken-
sington district closed down. The mer-
cury reached its maximum—97—at 1:50,
and the city sweltered until this even-
ing, when a violent thunder-shower
sent the temperature down to 89.

The official high temperature at Bal-
timore was 97, but street thermome-
ters in many parts of the city showed
more than 100.

Washington was but one degree
cooler than Baltimore.

The heat throughout Eastern Penn-
sylvania was intense in many places.
Reading reported as high as 92.

New Jersey Swelters.
Practically the entire State of New
Jersey sweltered. In Newark the
highest was 98. There were two
deaths there and prostrations without
number taxed the capacity of the hos-
pitals. Factory after factory was com-
pelled to close. At the Crucible
Steel Works in Harrison, N. J., 600
men quit work because of the un-
bearable heat. When the men left their
posts, the management ordered the
place closed until next Monday, fear-
ing that to-morrow would be equally
warm. The molders in the Otis ele-

vator plant, at Harrison also quit
but promised the management to re-
turn to-morrow.

In one concern in Newark the man-
agement installed shower baths and
fans, notifying all employees that they
were privileged to use the baths as
frequently as desired, their pay to go
on the same as if they were working.

An off-shore breeze at Norfolk
made the day almost unbearable there.
The maximum temperature was 104.
Although there were no deaths, there
were many prostrations and much suf-
fering.

Heavy Storm at Orange.
[Special to The Times-Dispatch.]
Orange, Va., July 2.—One of the most
severe electrical and windstorms ever
felt here struck Orange and its vicinity
to-day between 3 and 4 o'clock. Large
trees were twisted and broken off like
reeds, and several small buildings de-
molished. Lightning struck the sign
post of a restaurant in the town, de-
molishing it, and doing damage to the
front of the building. At Woodberry
Forest school farm a large silo, built
to feed the dairy herd, was blown
over. Another silo on the farm of Aug-
ust Wambersie, was demolished. The
storm was accompanied by a heavy
deluge of rain.

Hot on Eastern Shore.
[Special to The Times-Dispatch.]
Cape Charles, Va., July 2.—This sec-
tion has been in the grip of a heat wave
the past twenty-four hours. Several
prostrations were reported to-day,
mostly among potato pickers. The ther-
mometer stood at 99 in the shade.

Hottest Day of Year.
Norfolk, Va., July 2.—To-day was the
hottest day of 1913. The mercury reg-
istered 103 in the shade in Main Street.
While this is not the official heat re-
cord for the day, the government ther-
mometer being located on the roof of
the Royster Building, where it is much
cooler, it was, nevertheless, the highest
point reached on the street this
summer. A number of horses were
prostrated by the heat.

ASKS FOR DRAINAGE
OF SWAMP LANDS
Washington, July 2.—A bill to ap-
propriate \$300,000 to drain the swamp
and wet lands of the country was in-
troduced to-day by Representative
Tribble, of Georgia. He explained that
reclamation of swamp lands was im-
portant in Georgia.

"If the swamp lands of Georgia were
drained," he said, "the State of Georgia
would buy no more corn, and the other
States would be coming like the chil-
dren of Israel 'down into Georgia to
buy corn.'"

The bill is designed "to furnish en-
gineers and relieve the pressing de-
mands."

Mr. Tribble said he believed the gov-
ernment should also buy at least one-
half the bonds issued on such projects,
receive 2 or 3 per cent interest, and
give the land owners several years to

repay the same, and that he will soon
introduce a bill for that purpose.

"The continuous increase of swamp
and wet lands," Mr. Tribble said, "has
become dangerous to the health of lo-
calities. In many instances depopulat-
ing once prosperous sections. I can
see no more reason for aiding the West
to reclaim arid lands than in helping
the South to drain swamp and wet
lands that will not only add wealth
to her citizens and the nation, but
give better health to all the people."

DISSEMINATION IN RANKS.
All Not Harmonious in Ranks of Cit-
izens' Party.

[Special to The Times-Dispatch.]
Norfolk, Va., July 2.—All is not har-
monious in the ranks of the citizens'
party, and there are rumors that strong
opposition will develop to several of
those nominated for municipal offices
at the recent convention.

A number of followers of the
citizens' party wanted the two-thirds
rule to prevail at the convention in
the selection of candidates. It is claimed
that several of the nominees could
never have been nominated if the two-
thirds rule had been enforced, and con-
sequently, they are not the choice of
the citizens' party.

The executive committee is scheduled
to meet to-morrow night. It is re-
ported that an effort will be made to
hold up the nominations of several of
those selected at the convention. The
executive committee is expected to con-
firm the action of the convention, but
if a determined stand is taken by those
favoring the two-thirds rule, it may
mean the selecting of a new candidates
for several offices.

Training Siege Ends.
Los Angeles, Cal., July 2.—The long
training siege has ended for Leach Cross
and Bud Anderson, the two lightweights who
are to box a scheduled twenty-round battle
in the Vernon ring of the Pacific Athletic Club
at 8 o'clock on the afternoon of July 4. The
conduct of each denotes perfect physical
condition.

It became known to-day that Promoter
McCarry has the positive promise of Joe
Rivera, should the Mexican win from Ritchie,
that he will come here and fight the winner
of the Cross-Anderson bout on the afternoon
of next Thanksgiving Day.
The heavy sent reservation for the fight
indicates that a \$2,000 house will see Cross
and Anderson in action.

THE REGULAR ANNUAL MEETING
of the stockholders of the Richmond
Paper Manufacturing Company will
be held at the office of the company,
corner Governor and Ross Streets,
in the city of Richmond, Va., on
TUESDAY, JULY 15, 1913, at 12 M.
B. W. LIPSCOMB,
Secretary.

YOUNGSTER HAVE
FINAL WORK-OUT

San Francisco, Cal., July 2.—Willie Ritchie
and Joe Rivers, principals in Friday's titu-
lar battle for the lightweight championship of
the world, completed their work of training
to-day. They will take light gymnasium
exercise to-morrow, enough to keep their mus-
cles limbered up, but so far as hard work
is concerned the siege is over. Both fight-
ers are down to the stipulated weight, and
so far as can be judged from outside appear-
ance, they are in excellent condition.

Betting on the fight took a sudden up-
turn following the arrival of several large
parties from Los Angeles. There was an

abundance of Ritchie money to cover the
commission. However, the market of eight
to ten on Ritchie, established a week ago,
remains unchanged.

Ritchie's final day's work consisted of a
five-mile walk in the morning and light
gymnasium work during the afternoon.
Rivers took the same amount of road work,
but his gymnasium work in the afternoon
was a bit more strenuous, though he cut out
the boxing end of the program.

Owing to the decision of Promoter Gransy
to have the men in the ring at 1:30 P. M.,
they will weigh in at 1 o'clock instead of 2,
the time named in the articles of agreement.

INCREASE IS AWARDED
Norfolk and Western Employees Win
Victory After Long Fight.
[Special to The Times-Dispatch.]
Roanoke, Va., July 2.—After a three-
days' hearing of the dispute between
the Norfolk and Western Railway Com-
pany and the maintenance of way em-
ployees relative to wages, the arbitra-
tion board, composed of G. W. Merrill,
of the Norfolk and Western; A. B.
Lowe, president of the International
Brotherhood of Railway Maintenance
of Way Employees, and Judge William
Lea Chambers, concluded the hearing
this afternoon at 5 o'clock, awarding
an increase of wages to employees of
all classes of service in the mainte-
nance of way department of the Nor-
folk and Western system.

The maintenance of way laborer who
has been receiving the smallest wage
was given the largest relative increase.
The question has been under dispute
since May 15, and the board of two,
A. B. Lowe and G. W. Merrill, unable
to come to an agreement, agreed to
leave the matter in the hands of a
third arbitrator, and selected Judge
Chambers. They agreed to abide by
Judge Chambers' decision, and as a
result concurred with him in award-
ing an increase.
